Darby is part of the Team Turbo North brigade where she lives and will be whelped in Columbus, Ohio. Darby is the first working dog for our co-owner partner Wayne Babcock. Wayne, being a rookie handler with an all amateur trained dog, Darby, got her Master Hunter title in less than three years. Darby is a lighter golden and weighs in at 64#. Darby is just the most affectionate girl at Turbo Retrievers and after she has nudged all the affection she can get, she will take a bear hug on your leg and will not let you leave without more. Darby is extremely biddable and has been very tolerant of a handler who was learning at the same time. The short time it took for them to achieve a Master Hunter title is very much appreciated by people who were once rookies starting at junior hunter. They live on a cattle ranch and are training long for the field trial Qualls. Darby has run some Qs and she and Wayne will have many more years to compete. This is Darby's first litter and is a surgical inseminated breeding in Florida. Wayne is now on the board of his local club, Ohio Valley Retriever Club. Darby will go much farther as she is just coming into her prime.

Laddie is an impressive dog and from a spectacular litter of one of the best field golden breedings in the last 10 years. Laddie's litter produced Flash, FC AFC Topbrass No Time to Paws SH WC OS FDHF, who finished the National Amateur Championship for the first time in thirteen years for a golden. His other brothers are Topbrass Diesel MH MNH \*\* WCX, Topbrass Firestorm \*\*\*, and notably Topbrass Liberty Belle III CD MH QA2 WCX VCX CCA who could still achieve an AFC. Laddie is no different in that he is a fine dog and has JAM'd numerous Qualls and is still working on his All Age Qualification, which is a pressing goal for Laddie and his owner, Lindsay Ridgeway. Laddie brings 4 field champions to the puppy pedigree. Laddie is a dark red golden with a fighting weight of 68#. Laddie brings all Clear/Clear genetic status and excellent hips to the pedigree. Laddie is all amateur trained and has been quite successful for the positive training methods Lindsay has used. These puppies will be quite capable to compete at all levels of field trials and hunt tests while being an affectionate family member.
